

Welcome

Welcome to the London School of Economics and Political Science’s website on proposals for the redevelopment of the warehouse at the corner of Glengall Road and Bianca Road to provide ground floor commercial and community space and much-needed accommodation for LSE postgraduates.

About

We are excited by the opportunity to redevelop this site, in line with the wider regeneration ambitions of the Old Kent Road Area Action Plan (please see the ‘Planning context’ tab for more information), delivering a well-designed building that acknowledges the local context, dynamic community and commercial space and improvements to the nearby public realm.

We are proposing a well-designed building, including approximately **670 new student rooms** alongside exciting

community and commercial space, and improvements to the nearby public realm. We see the community space as an important contribution to the local area and we would welcome your comments and suggestions on how you would use this space. If you would like to suggest any ideas, please do get in touch **Contact** with us using the details below.

For more information...

Please select the tabs on the toolbar and view our exhibition boards on the consultation tab. If you have any further questions about the proposals, please contact:
